Place of Strikebreakers.**

Newark, Ohio, July 9.—As the result of beer riots here today Charles Etherton, a detective of Cleveland, employed by the Newark Protective League, was lynched by a mob of five thousand rioters at 10:30 o'clock following a speech he had made. When he was hearing the case, he had no right whatever to hear it and was standing in the rear of the courtroom. The court was adjourned and he was willing to take it and hear it in order that he might be able to make a little difference in the case. And he was not satisfied with what he heard, so he decided to make yesterday, but he adjourned court until today and made another speech. He was asked to leave the courtroom, so he left. The police works continuing declared that the lawyer on the other side got up and said he would not leave the courtroom. In the party with the Premier are Hon. G. P. Graham, Minister of Railways; Mr. J. P. Parry, Minister of Education; Mr. E. MacDonnell, M.P., Postmaster and William Gibson. The party will travel west in a special train, one of the most active newspaper men can be twenty-four newspaper men and one a baggage car.

ROGERS ATTACKS JUDGE.

**Accuses Matres of Partnership in
Delayed Judgment.**

Selkirk, July 8.—Speaking in support of the Wm. L. Rogers case, when the returning officer declared Mr. Howden elected him, Rogers said: "I have seen these papers come before the court in the city of Winnipeg. It would be more than fair treatment if I could get a copy of that paper which he found everywhere by the appointment of the Dominion government. The man who was bearing the case, was hearing the case, had no right whatever to hear it and was standing in the rear of the courtroom. The court was adjourned and he was willing to take it and hear it in order that he might be able to make a little difference in the case."

CALGARY TERMINALS.

C.N.R. Will Build Combined Station and Hotel.

Calgary, July 8.—Plans for a

massive structure, which will be the

new terminal and first station

will be already under way

and work on the new building will be com-

menced within the next sixty days.

The route today and the lynching to-

night are the result of raids upon a

number of saloons and nearly a score of

detectives mostly from Cleveland, employed by the State Troopers.

Newark, Ohio, July 9.—As the re-

sult of beer riots here today Charles

Etherton, a detective of Cleveland,

employed by the Newark Protective

League, was lynched by a mob of

five thousand rioters at 10:30 o'clock

following a speech he had made.

In the rioting he was stoned in mid-air,

the ball park by a crowd. The crowd

set upon him but the police rescued him.

The detectives raided three places

and the Anti-Saloon League started a

series of meetings to close the "dry"

saloons. One that had been opened

recently was shot by Etherington

and the detective who had been

sent to arrest him was killed.

While the two men fought the

jail was broken, the door battered

down and the young Kentuckian

was preparing for the doom he knew

was in store for him when he wrote

his mother a farewell letter to his

cell and prayed.

Tried to Kill Himself.

Bendigo, Australia, July 8.—By

setting fire to the bedding of his cell

W.H. Moore, a man who was

standing on a barrel, Etherington was

asked to make a speech. He com-

plied and the detective who had been

engaged to take places as strike

breakers.

With the aid of his speech the

crowd began to pull on the rope

and the body of the youth went into

the air. The mob then took

kicks of his legs and a short time

he was dead. After the lynching there

was a general search for the

mob, but no attempt at concealing. It is likely

whole-scale arrests will follow.

WILL FIGHT TO THE FINISH.

Clock Makers Will Organize Loan of

\$100,000 to Carry on Strike.

New York, July 8.—Developments

today in the strike of the clock mak-

ers, which has tied up 95 per cent

of the trade in New York, indicate

a long-drawn-out struggle, and it is

reached.

Abrams Reaches an agree-

ment on a tentative arrangement

to obtain a loan of \$100,000 from

prominent bankers. This loan is pro-

mised.

McRosenberg promised that he

was in a position to obtain all the

money that might be necessary to

carry the strike to a successful con-

clusion.

In spite of the apparent strenuous

and determination of the strikers, the

manufacturers held two meetings at

both of which it was decided to hold

the strike.

The manufacturers' committee

of the strike

and the manufacturers more

than 100 had already acceded to the

demands of the strikers and opera-

tives.

It was agreed that the others would

join in a few days.

At both meetings it was made clear

that the strikers would not give in

unless demands were met.

President Rosenberg was busy to-

day with his sides drawn up to the

plans of the strikers to be submit-

ted to the manufacturers.

CONVICTS MINE COAL AT THE PENITENTIARY

Work of Sinking Shaft at Edmonton Penitentiary Has Begun
For Some Time May Reach Rich Coal Bed Next Week.

The Edmonton penitentiary has one feature about it which is decidedly unique, and which no other penitentiary in Canada can boast of, namely, the owning and operating of a coal mine in connection with the institution.

In the other penitentiaries different trades, etc., are taught the convicts, but it is only in Edmonton that the lucky convict can boast of being a competitor in mining.

Starts A Year Ago.

Just a year ago yesterday Warner McCauley conceived the brilliant idea of utilizing the coal beds on which the penitentiary stands for the purpose of saving the expense of buying coal. Accordingly, a drift or shaft was started and the work was begun in the penitentiary and a tramway built from the penitentiary to the drift. The drift is now 1,000 feet long, which is about six feet high, and it was completed in time for the miners of the impromptu miners were rewarded, and the coal bed or shaft was thought to be a good investment for ever. Several dumps of coal were taken out but these ceased and it was discovered that the drift had only been struck and that the coal bed was somewhat farther on. It is expected that the drift will be reached by next week and from then on mining operations will be commenced.

The Warden Enthusiastic.

Seen by the Bulletin yesterday Warner McCauley was very enthusiastic regarding the mine.

"There is enough coal in the vicinity of the penitentiary," he said, "to last the institution for twenty-five years and there is no doubt that it will be exhausted. Underneath that another bed is known to exist and so far as I have been able to learn, this larger may possibly be underneath."

"Our drift or drift extends two hundred and fifty-five feet from the entrance in the direction of the penitentiary and the miners have been drifting over six hundred feet long. By this time our penitentiary wall will not be required to stand and we will then have our mine in prison property. Branch shaft will then be sunk and the drift will be connected with the main shaft without leaving the prison grounds."

A Visit to the Mines.

Accompanied by Warden McCauley the Bulletin reporter went to the mines walking down the miniature railway to the mouth of the drift. A prison guard accompanied him and the warden was stationed at the mouth.

"Almost all the work is quit now," said Warden McCauley.

"I was just thinking of calling the men in and get the guard going over and hammering away when I struck a stone. The clang caused me to stop. The drift and rock wall could be seen away back. The drift was about four inches thick and each end of the drift was clogged up with dirt and mud emerged from the drift. The men were grimed from head to foot and the guard was following them."

General Strike Threatened.

Paris, July 8.—A general railway strike is threatened. The men who demand a raise of 25 cents an hour have already voted to strike on the principal lines pending the result of negotiations with the companies.

J. Y. GRIFFIN CO. AT COAST. Abbot at Edmonton Purchased by Powerful Packers.

Vancouver, B.C., July 8.—The announcement that the British Columbia Market at Vancouver, B.C., has been sold to the J. Y. Griffin Company, the British Columbia Packers, signifies the first big step taken by the powerful Chicago house of the same name, controlled for the control of the provincial wheat and meat meat business in which the leaders at present are P. Burns and Sons, Ltd., and the sale was made today by Manager Wein, of British Columbia Market Company, who said that the new firm will be occupied by Mr. G. Kenway.

CONTRACT FOR GREAT BRIDGE.

The contract has not yet been awarded by the British Columbia Ministry of Transportation for the building of a bridge across the Fraser River between New Westminster and Coquitlam.

A submarine for the destroyed bridge will be constructed as quickly as possible.

SPORTING NEWS

FOOTBALL.

A LOOK OVER THE FIELD.—The football season is well under way and the list of favorites for championship honors has been considered. The Y's and the Callies have a valuable point and the "A" division has a strong record.

There is a close play-off between the Callies and the Dragons. Nothing is certain, however, as to the outcome of the game, as any of their opponents who go on the field expect a win. They play on the whole field and can when occasion demands use the strongest defense up. In the fight of their football lives they will be able to do this.

APPEAL AGAINST ASSESSMENT.—A notice of only one appeal to the District Assessor of Jasper regarding the assessment on his property has been received in the city offices. J. T. P. McLean, of Jasper, has appealed the owners of lots 23, 24 and 25, block 16, at the northeast corner of Jasper Avenue and 100th Street, against the assessment of the various taxes of the civic service. The commissioners have voted to accept the appeal for assessment upon various points.

BRIDGE OVER MILL CREEK.

A delegation of citizens from Highland park, east of Strathcona, met yesterday afternoon at the office of the manager of the Canadian Pacific to discuss the immediate building of a bridge across Mill creek.

The park have to go around by Strathcona for the purpose of getting to Edmonton. The bridge will be built across Mill creek in their vicinity. The citizens promised to consider the matter at the earliest opportunity.

FRESH AIR CAMP.

It is desirable that those immediately involved in the camp, as well as the doctors and the various ministers of the city, should cooperate with the camp committee in the selection of the names and addresses of those

of the campers. The greater the number of names will be reserved for the first trip than can be accommodated.

The names will be reserved as far as possible by Monday the 11th inst.

The meeting was held at the church of the First Baptist Church, and the first names may be sent in to the office.

The following address will be given to the campers:

Rev. R. H. Sward of the Syndicate Baptist church and Rev. E. W. Patterson of the First Baptist Church have also made eloquent addresses in behalf of the cause.

These three gentlemen having for some time been strong supporters of everything that is right and the example of great strength given by having them on the inside working of the society.

Rev. R. Heron was presented with the president's badge and after the presentation made a few appropriate remarks. The president at this point called on Gordon Reid,

the chairman's congratulations made a short speech, thanking the members for their kindness and good wishes.

C. B. Bayar was elected to fill the position of president for the coming year.

DID NOT ATTACK
FRENCH PEOPLE

Rev. J.E. Dulou, Moderator Edmonton Presbytery, Asks Investigation of Recent Utterances

"I consider it a malicious assault upon my character," said the Rev. J. E. Dulou, at a meeting of the Edmonton Presbytery held yesterday afternoon, referring to a letter written by Mr. J. A. Gallibord, which had appeared recently in the *Leader* court and in two other of the local papers.

The letter, Mr. Dulou said, was from a son whom he had preached on "Patriotic Sunday," and which, he claimed, was published in the Edmonton papers, the reporter and the writer of an editorial which appeared in the *Leader* were misinformed in their remarks on an attack upon the French-Canadians.

No Attack, He Says.

Mr. Dulou said he had spoken very briefly of the French question in the course of a sermon the previous Sunday, and which, he claimed, was published in the Edmonton papers, the reporter and the writer of an editorial which appeared in the *Leader* were misinformed in their remarks on an attack upon the French-Canadians.

"Books of them in a kindly Christian-like manner," he said, "and made no attack upon them."

Asks Investigation.

Referring to Mr. Gallibord's letter, Mr. Dulou said: "I consider it a malicious assault upon my character." The charges, though directed especially at me, must necessarily reflect upon the entire congregation of the Presbytery of which I am moderator, I said.

The church, which was very prettily decorated for the occasion with palms and flowers, the gift of Mr. Hanby, choir leader, was well filled.

The Late Dr. J. C. Hardman.

It is reported that a committee of the Presbytery has been appointed to investigate these charges, and to make public their finding through the

Committee to Investigate.

In compliance with Mr. Dulou's request a committee was appointed to

look into the matter and report to the Presbytery. The members of the committee are the Rev. Dr. McLean, the Rev. J. Miller, the Rev. Dr. Myers and the Rev. C. D. Campbell.

The Presbytery, the greater number of the members of which were present, developed the whole of yesterday morning to the transaction of routine business.

The meeting of the congregation of the First Presbyterian Church in selecting lots for the site of a new church was adjourned until next week, when it will be held, and permission to borrow \$10,000 for the cost of the extension was granted.

A number of other matters relating to church extension were also dealt with.

H. F. Dowling Ordained.

In the afternoon a brief service was held at which the Rev. F. M. Dowling, of the Anglican Diocese, was ordained.

In the course of the afternoon the Rev. J. Miller, the Rev. Dr. McLean, the Rev. Dr. Myers, Professor of Queen's University and Mr. Robert McQueen, of Kirkwell, Ontario, received the benediction of the Presbytery. Mr. McQueen, of Stratford, who was a member of the congregation, was the pastor, whom he had known personally as a student in the Montreal College.

Brief addresses of welcome to the Rev. Dr. Dowling were then delivered by the Rev. Mr. Jeffery, the Anglican Rector of Christ church, and the Rev. Mr. McLean, of the Methodist Central church. After the service knowledge of Mr. Stewart of the Presbytery had received the meeting books up.

The Rev. Professor Fraser will preside at the services at the H. F. Dowling Robertson church at 10 o'clock on Sunday morning.

THE FORMULA OF "FRUIT-A-TIVES"

Is On The Outside Of Every Box
For All The World To See

Every user of "Fruit-a-tives" knows exactly what is being taken. The formula of this famous fruit medicine is printed plainly on the outside of every box. We have stated many times—and now state clearly—that "Fruit-a-tives" is made of the finest fruits, oranges, figs and prunes, with valerian heart and nerve tonics and antiseptics.

Everyone knows that fruit is healthy—but perhaps some do not understand this is true.

Fruit juice consists of about 95% water, 5% of the principle, and 1% of a bitter tonic. The quality of this principle is that gives the fruit value as a medicine. An eminent physician of Ottawa, after years of experimenting, found a method of increasing the bitter principle in fruit juice, thus making it more valuable.

The pieces are first extracted from fresh, ripe oranges, apples, figs and prunes. By a secret process, these pieces are added, and the whole made into tablets, now known as "Fruit-a-tives."

It is the only fruit medicine in the world that is made of fruit juices, and is one of the few remedies that have let their composition be known from their introduction to the market.

In cases of Constipation, Liver Troubles, Indigestion, Bloating, Rheumatism, Headaches and Impure Blood, the wonderful fruit medicine which we call "Fruit-a-tives" is sold everywhere at 5c., 6c. or \$2.50, or trial box, 25c., or will be sent, postpaid, on receipt of price by Fruit-a-tives Limited, Ottawa.

SUCCESSFUL YEAR FOR CALGARY RADIAL

Made a Net Profit of \$25,000 on the
Year's Operation—Only One Fatal
Accident—50,000 People Carried
Daily During the Fair.

Calgary, July 8.—One year ago this week, or to be more exact, at 1 a.m. on the morning of July 5, 1909, Superintendent G. T. P. Roundhouse and street railway department, drove to the nearest telephone available at that early hour, and telephoned to the newspaper office, and the number Mr. McCauley asked for was 325, the city police number.

"Is that 325?" he queried, given the connection, and when told that it was, he said, "Very well, I am in charge to turn on the juries," meaning to turn the power into the service of the juries. Since the opening of the fair, on July 4, his office has at his disposal, has during the six days of the fair of 1910 handled 50,000 passengers, and has had no accident or accident of any kind, and who has run his department so well that he has turned over a profit of \$25,000 in his first year's operation, it shows a net profit over and above interest, sinking fund, and all fixed charges, of \$49,500.

Fatal Accident.

This in a nutshell is the story of the Calgary street railway department

and its development, a development which has only been interrupted by one fatal accident, and even then the street car men were blameless.

The day fixed for the opening of the street railway system was July 5, 1909, the same day fixed for the opening of the 1909 exhibition. For a month previous Supt. McCauley had kept his men at high tension, working night and day in order to have everything ready, and then at the last moment, when all was ready, he got the news. Everything was ready in Calgary, but 32 hours before the time fixed for the opening there was not a street car in sight. However, 24 hours before the time on which the cars were due, the two shing brand new cars made their appearance in the C.P.R. yards, travelled to the main terminal and loaded them Supt. McCauley and his mechanics began their race against time. They started at 10 p.m. and so well did they succeed that they finished four hours ahead of time, and were able to start the cars at 8 a.m., as scheduled, and better still they were able to have the features of the cars ready for the opening day of the 1909 exhibition.

Earnings for Six Days.

For the six days of the fair these two cars can only from Eighth avenue east, and their earnings in that period were \$20,916.30. For the first six days of the fair the cars of the municipal system have run all over the city, giving transfers to the street cars, and their earnings in that period have been \$6,790.35. The revenue of the department for the year ending July 4, 1910, was \$149,500.00.

In straight unvarnished figures the earnings of the Calgary municipal rail road for the first six days of the exhibition of 1909 and 1910 show up as follows, and it must be remembered that the 1909 figures are based on tickets as souvenirs and to send away and that many tickets so bought did not go to the conductor, but to the boxes of the conductor in all, so that the actual number of passengers handled during the year, also, the tickets were not used then.

Engineers
Firemen
Conductors
Chief Clerk to Master Mechanic
And a great many shop men.

OTHERS WHO HAVE INVESTED IN CALDER—
Anglo-Churches
Contractors
Lawyers
Hotel Men
Real Estate Agents
Merchants
Restaurant Men
And a great many speculators.

THIS nine-month-old sub-division occupies the most prominent place among Edmonton property, as an absolutely reliable investment.

Your Last Chance To Buy In CALDER

AT THE OLD PRICES

I have been instructed as agent for the CALDER LAND COMPANY, LIMITED, to reserve all unsold property in Calder that is not sold by SEPTEMBER 1ST, 1910.

The prices until SEPTEMBER 1ST will be the old prices, namely: \$175.00 for inside lots and \$225.00 for corners. Purchases taking five lots are entitled to one corner at \$175.00.

The TERMS OF SALE are: One-Third Cash of the total purchase price, the balance in two equal annual installments at 7 per cent. per annum, with the privilege of paying for the property in full at any time and receiving the title.

ANY LOT IN CALDER is within easy walking distance for the men employed at the big G. T. P. Roundhouse and Shops, none of it being more than half a mile away and any number of valuable lots are within a seven-minute walk.

CALDER is now an INCORPORATED VILLAGE, when last September it was under cultivation as a farm.

CALDER is regularly surveyed, its streets being 66 feet in width, lanes 20 feet wide and lots, each, 50x125 feet in size.

From its nearest corner, CALDER is not more than 300 feet from the G. T. P. ROUNDHOUSE AND SHOPS.
